

List 34 Calamvale - Ellengrove - Heathwood - Inala - Larapinta - Parkinson Richlands - Stretton^{32,36}

PR soils: "PARK RIDGE" LANDSCAPE: Low hills and undulating surfaces south of the city, 75 - 90 m above sea level; clearing for pasture and some extension of horticulture has occurred in the past; dominant soils are derived from coarse sandstone of the Moorooka or Darra Formations; intermediate between coarse sand - sandy loam surface on red-yellow clay subsoil to free draining sandy profiles.

[From G.G. Beckmann, G.D. Hubble and C.H. Thompson: The Soil Landscapes of Brisbane and South-eastern Environs CSIRO, 1987]

Common Name	Botanical Name	Features
<u>Ground Covers and Grasses: 0 - 1 metre and Vines</u>		
coral fern	Gleichenia dicarpa	ground cover from moist rocky slopes; bright golden flowers Spring - Autumn
forest boronia	Boronia rosmarinifolia	loosely branched shrub for well drained site; showy mauve-pink flowers in spring
golden everlasting daisy	Bracteantha bracteata	low ground cover with soft foliage; bright yellow paper flowers a feature; sunny, sandy sites
guinea flower	Hibbertia linearis	low, compact shrub with good form; bright yellow flowers; suit rockery
kangaroo grass	Themeda triandra	wide-spread grass of the eucalypt forest; fine foliage; spikes of coppery seed heads in summer
native iris	Patersonia sericea	sparse clump; vibrant purple flowers in spring or after rain; sandy/rockery site; skipper butterflies
sarsaparilla vine	Hardenbergia violacea	fine scrambling hardy vine; deep purple pea flowers in late winter; will cover lattice-work
swamp water fern	Blechnum indicum	upright hardy understorey fern of paperbark lowlands; open graceful form; edible starchy root
thyme myrtle	Melaleuca thymifolia	small fine-leaved shrub for sunny position; feathery mauve blossom from April through to spring
<u>Low Shrubs: 1 - 2 metres</u>		
broad leaf banksia	Banksia robur	large-leaved banksia for moist, well drained sites; rusty new tips; lime to blue-green to brushes
crinkle bush	Lomatia silaifolia	decorative open shrub; intricate foliage; white, grevillea-like flowers; moist, well-drained soil
dogwood	Jacksonia scoparia	fine-leaved hardy shrub for sunny position, clusters of yellow pea flowers, porous soils
hairy bush pea	Pultenaea villosa	compact, fine-leaved shrub; yellow pea flowers; bronze foliage in winter; reddish new growth
hakea	Hakea florulenta	medium shrub; cream spider flowers in spring attract birds; unusual woody seed capsules
swamp may	Leptospermum liversidgei	graceful, slender, medium shrub for moist sunny site; pink and white flowers summer
wallum bottlebrush	Callistemon pachyphyllus	green or crimson-flowering bottle-brush shrub for wet site; blue-green foliage; full sun
<u>Medium Shrubs: 2 - 5 metres</u>		
	Leptospermum whitei	beautiful, branched shrub from wetland heath communities; rough bark in strips; white Spring flowers
geebung	Persoonia cornifolia	hardy shrub; upright habit; mid-green foliage; small, yellow fuschia-like flowers; yellow edible fruit
prickly pine	Bursaria spinosa	tall, spiny shrub for well drained site; bushy growth harbours small birds; scented flowers;

quinine berry	<i>Petalostigma pubescens</i>	butterflies small tree with dense canopy; small shiny leaves; bitter orange berries; sunny, well drained position
wild may	<i>Leptospermum polygalifolium</i>	hardy, fine-leaved shrub; open arching habit; useful in mass plantings; small white flowers in summer

Small Trees: 5 - 10 metres

black she-oak	<i>Allocasuarina littoralis</i>	medium tree; fine needle foliage; male trees a rusty colour during winter flowering period; butterflies
black wattle	<i>Acacia melanoxylon</i>	shapely, dense small tree; mid-green foliage; moist deep soils; cream pom-pom blossom in summer
honey suckle oak	<i>Banksia integrifolia</i>	open shrub to small tree; lime-yellow honey-laden banksia brushes
red ash	<i>Alphitonia excelsa</i>	medium tree; clean grey bark; dark green, leathery leaves, silver beneath; attracts birds and butterflies
red kamala	<i>Mallotus philippensis</i>	nicey shaped tree if grown in sun; can be pruned to give new reddish growth; velvety red fruit
roughbark apple, smudgee	<i>Angophora woodsiana</i>	eucalypt-like tree of the dry ridges; twisting branch form; prolific, nectar-laden blossom in summer
small-leaved paper bark	<i>Melaleuca sieberi</i>	tall fine-leaved shrub for a moist, but well drained area; perfumed cream brushes; red new growth
snow in summer	<i>Melaleuca linariifolia</i>	dense, fine-leaved tree; paper bark; hardy, but prefers moist deep soils; white summer flowers
swamp box	<i>Lophostemon suaveolens</i>	fast growing eucalypt-like tree with graceful branch form; open canopy; frequent flowering periods

Tall Trees: over 10 metres

brush box	<i>Lophostemon confertus</i>	large tree with deep-green horizontal foliage; bare pink bark in upper branches; favours South slopes
paperbark tea tree	<i>Melaleuca quinquenervia</i>	hardy tree for damp sites; cream paper bark; cream brush flowers attract insects and birds
broad-leaved spotted gum	<i>Corymbia henryi</i>	large trees for acreage or steep sites; comprised original canopy of the area; trunks a feature; provide food, nest and perch sites for numerous and varied native wildlife
grey ironbark	<i>Eucalyptus siderophloia</i>	
forest red gum	<i>Eucalyptus tereticornis</i>	
yellow stringybark	<i>Eucalyptus acmenoides</i>	
scribbly gum	<i>Eucalyptus racemosa</i>	
pink bloodwood	<i>Corymbia intermedia</i>	
tallowwood	<i>Eucalyptus microcorys</i>	
narrow-leaved red gum	<i>Eucalyptus seeana</i>	
Qld. white stringybark	<i>Eucalyptus tindaliae</i>	
brown bloodwood	<i>Corymbia trachyphloia</i>	
white mahogany	<i>Eucalyptus carnea</i>
